

# RESEARCH & COPIES

We strive to preserve resources in the Archives in order to make them available to researchers interested in Anderson University and the Church of God (Anderson, IN). Researchers include students, faculty, staff and alumni, ministers, church historians, genealogists and other interested persons. Students may use the materials held in the Archives for many different educational projects. While our materials may not leave the Archives, they are available for use in the Reading Room. We encourage researchers to visit the Archives in person where the staff is available to provide assistance, however, telephone and mail inquiries are also welcomed.

Research services are available on a **fee basis**
